Labor 411, Dodgers Partner for Union Night at Dodger Stadium *Discounted Tickets available for Sept. 22 game vs. Rockies*

Los Angeles – As the Dodgers battle for the National League pennant, Labor 411 joins the city’s favorite sports team for Union Night on September 22 at Dodger Stadium. Union members, their families and friends can visit www.Dodgers.com/Union for discounted tickets or can buy tickets at locations throughout the stadium for the Thursday night game against the Colorado Rockies, which will include a pre-game on-field celebration of unions.

People who buy more than 20 tickets can designate one member of their party to take the field during the pre-game union festivities. The first 40,000 fans through the gates will also take home a Tommy Lasorda retired number pin in honor of the Hall of Fame Dodgers skipper who will celebrate his 89th birthday at the stadium.

“We are thrilled once again to join the Dodgers for an exciting night at the ballpark that also recognizes the importance of unions in our nation’s labor force,” says Cherri Senders, President and Founder of Labor 411. “Between the players who are part of the Major League Baseball Players Association and the workers from UNITE HERE who staff the concession stands, Dodger Stadium has long been one of the city’s most union-friendly recreation spots, as well as a wonderful place to spend an evening.”

“We’re always encouraging consumers to support good jobs by buying blue being part of the ethical consumer movement,” Senders added. “On Union Night, we’ll join our union brothers and sisters to Root Blue and help the Dodgers bring a World Series trophy back to L.A.”

Founded in 2008, Labor 411’s print and online guides now include more than 10,000 listings covering hotels, restaurants, retail outlets and other businesses in four of the nation’s top consumer markets: Los Angeles, Philadelphia, San Francisco and Washington, D.C. Labor 411’s website (www.labor411.org), allows consumers to target where their shopping dollars can support living-wage companies and their communities and avoid retailers that do not treat their workers well.
