

'Tis The Season!

American Made Gifts for the Holidays

Labor 411

MAKING IT EASY TO SUPPORT GOOD JOBS

LOS ANGELES | SAN FRANCISCO | WASHINGTON, D.C. | PHILADELPHIA | NEW YORK

What's your favorite holiday color? At Labor 411, we are partial to red, white and blue. Whether the gift is something to eat, wear, play with or just plain enjoy, that special present will always be measurably better if it's American made.

It's not always so easy to find a truly American-made gift. The list below contains some of your favorite union-made brands that are either 100 percent domestically produced or very close to it. These items are made by companies that treat their workers well. By hunting down these ultra-domestic products, you will bring a smile to the gift recipient, and also help strengthen the middle class.
