

Enjoy the Best of the 'Fest with Ethical Brews and Bites

The salt will be plentiful and the steins will be full. Get ready for the bubbly, savory and salty sensations of Oktoberfest! The much-loved holiday officially gets underway from September 22 to Oct. 7 in Munich, but here in the United States, some of us choose to feast on the 'fest into November. Regardless of the calendar, Labor 411 has the seasonal and ethical brews to make your celebration that much more delicious. When you buy the products made by these manufacturers who treat their workers fairly, you'll be supporting good middle class jobs.
