## Labor 411

MAKING IT EASY TO SUPPORT GOOD JOBS

LOS ANGELES | SAN FRANCISCO | WASHINGTON, D.C. | PHILADELPHIA | NEW YORK

We get it. It's no fun to be stuck indoors. You can call us old-fashioned, but Labor 411 suggests that one way to help to pass the time is to ditch the screens, silence the cells, warm up those dice rolling hands and make it a family game night. The games on the list below are enduring classics, the kind of entertainment that entertained your parents (and possibly even your grandparents) for days and nights on end. They also come with the added bonus of being manufactured by ethical companies that treat their workers fairly and give them a voice on the job. A special shout out to the Retail, Wholesale and Department Store Union (RWDSU) and United Food and Commercial Workers (UFCW) whose members make these classics.

By buying union, you are supporting good jobs and helping to strengthen the middle class. Stay safe at home and let's all play our way to a stronger America.
